Mary Ann Bumgarner, Esq.  
 Federal Election Commission

Dear Ms. Bumgarner:

As we discussed in our telephone conversation today, the National Right to Work Committee must retrieve boxes from long-term storage, examine those boxes, and analyze expenses in order to extract the information demanded in Dawn Odrowski's letter of September 4, 1997. The deadline for producing the material is September 19. In my earlier call, I asked you to extend that deadline to October 3. You asked whether it was possible to produce the information by September 26.

As I told you on the phone, it is possible that the information will be obtained by September 26, but it is not certain at this time whether that schedule can be met. It depends on what the organization finds when it reviews the material in long-term storage.

As I understood our arrangement, the National Right to Work Committee will attempt to produce the information requested by September 26, and I will give you a status report next week as to whether that date for production is possible or whether it will be necessary for me to request additional time.

Please let me know if your understanding differs from the above.

Very truly yours,

*Alan P. Dye*
